Mr. Williams,

Based on the info you gave me, I found out that G.S. Ace's headquarter is located in Kyung-ki-do, which is a little south of Seoul. Their manufacturing plant is located in Kyungsang-nam-do which is almost at the south end of Korea. I attached two maps to better explain the locations.

As you can see, both locations are pretty far from the border line and there is nothing to worry about.

Should you have any more questions, please let me know.
